

Richard,

**Congratulations, you have been accepted to the Amsterdam Founder Institute!**

After carefully reviewing your written essay questions and the results of your assessment, we believe that you have the potential to graduate our program and build an enduring company. In particular, the assessment shows that you have many traits that we have found to be critical for entrepreneurship, such as above average [fluid intelligence](#) and [openness](#), and moderate [agreeableness](#). In addition, you do not show signs of deceit, predatory aggressiveness, emotional instability, or narcissism.

**In fact, we are happy to report that you scored in the top 25% of over 30,000 applicants across the globe, which is extraordinary.**

We have prepared an exciting Amsterdam Fall 2018 semester, and we hope you will accept this invitation to enroll in the program. With the help of the Founder Institute's challenging curriculum, constant mentor feedback, and global network, we are confident that you can build an enduring technology company.
